Guardian®
ACCESS & DOOR HARDWARE

GARAGE DOOR OPENER
MODEL 928V

SAFETY & SECURITY
Guardian garage door openers are manufactured to comply with the latest industry standards. Our advanced electromagnetic wave sensor detects motion from inside or outside your garage to activate the LED courtesy light, making your garage even more secure. Smartphone control enabled with the beam Home app.

CLEARCOM® TECHNOLOGY
Your secure code is communicated to your opener over multiple frequencies. This provides a more reliable response when frequency interference is near.

BATTERY BACKUP POWER SUPPLY (Optional Outside of CA)
- Sleek design, mounts under motor
- Non-spillable lead-acid battery
- Status indicator LEDs
- 2-year effective battery life
- ~300 use cycles*
- Charge time: 24 hours
- Power for ~20 cycles after 12-hr stand-by*
